DEMOCRATS SPLIT.  
Two Tickets Nominated by the Kansas  
City Democrats.

KANSAS CITY, Mo., March 15.—The  
Democratic city convention for the  
nomination of city officers met yesterday  
and nominated two tickets. The  
proceedings were the most turbulent  
and disorderly ever witnessed in this  
city at a political gathering. The  
fight commenced on temporary organization.  
The Johnson and anti-Johnson  
chairmen both claiming the chair.  
The two factions then arrayed them-  
selves on opposite sides of the hall.  
At this juncture a recess was ordered  
to get up a truce. The anti side  
did not take a recess and proceeded  
to nominate their ticket. After  
which they withdrew from the  
hall. The Johnsons then nomi-  
nated their ticket. The tickets  
are as follows: Johnson ticket: For  
mayor, Frank G. Johnson; for treas-  
urer, L. B. Ewald; for auditor,  
Charles A. Millman; for police judge,  
Joseph B. Stacy; for city attorney,  
L. P. Ryland.

Anti-Johnson ticket: For mayor,  
Frank Cooper; for treasurer, L. B.  
Ewald; for auditor, Henry Crawford;  
for police judge, Joseph B. Stacy;  
for city attorney, L. P. Ryland.

Minors Ready for War.  
COLORADO SPRINGS, Col., March 15.—  
The principal mine owners of Cripple  
Creek have decided to resume work on  
their properties to-day on a nine-hour  
day basis. A temporary injunction  
has been granted by Judge Downer of  
the district court restraining mem-  
bers of the various miners' unions  
from interfering to prevent men from  
working. The sheriff is at the camp  
with instructions to enforce the orders  
of the court at whatever cost. Some  
of the most radical members of the  
union say they will fight the sheriff  
and all the national guard, if nec-  
essary, to prevent the men from work-  
ing nine hours. If the mines resume  
work with a full force, as is claimed they  
can, they will employ from 600 to 800  
men. Bloodshed is expected.

Beware of Quackery for Catarrh  
That Contains Mercury.  
As mercury will surely destroy the sense  
of smell and completely derange the  
whole system when entering it through  
the mucous surfaces. Such articles  
should never be used except on prescrip-  
tions from reputable physicians, as the  
damage they will do is ten fold to the  
good you can possibly derive from them.  
Hall's Catarrh Cure, manufactured by F.  
J. Cheney & Co., Toledo, O., contains no  
mercury, and is taken internally, acting  
directly upon the blood and mucous sur-  
faces of the system. In buying Hall's  
Catarrh Cure be sure you get the genu-  
ine. It is taken internally, and made in  
Toledo, Ohio, by F. J. Cheney & Co. Testi-

## A PROSY DAY.

The Pollard Trial Yesterday  
Rather Commonplace.

Miss Pollard Thought Colonel  
Breckinridge a Star

### WHEN THEY FIRST MET

Story of the Plaintiff's School-  
day Life.

WASHINGTON, March 15.—The fifth  
day of the Pollard-Breckinridge trial  
was devoted by the plaintiff's attor-  
neys to elaborating the main points  
already marked out by them in their  
case. There were no sensational in-  
cidents nor was there any display of  
belligerence among the legal gen-  
tlemen. Since his encounter of Monday  
evening with Attorney Shelby of Lex-  
ington, Mr. Johnson of Miss Pollard's  
counsel has appeared in court but  
twice, not that he anticipated any  
trouble, but because he was en-  
gaged outside in working up the  
testimony. Miss Pollard was in  
court during the morning. But few  
when her friend, Dr. H. B. Buchanan  
of Cincinnati, began to testify con-  
cerning the birth of her first child.  
Colonel Breckinridge was there, also,  
and so were some of his Kentucky  
constituents, one of whom secured  
admission to the court room on the  
representation that he holds mem-  
bership in the same Presbyterian church  
in which the congressman is enrolled.  
Most of the day was occupied by the  
reading of depositions from a Cin-  
cinnati physician and one of Miss Pol-  
lard's school friends, and there was  
some conflicting testimony regarding  
her age, which is a disputed point, the  
plaintiff asserting that she was but  
17 when Colonel Breckinridge met her.  
Her identification by Sister Cecilia  
was not complete and remains to be  
fastened, if it can be, by the writing  
found in the volume of Irving, said  
to have been presented by Miss Pol-  
lard to the consent.

The identity of the friend who sat  
beside Miss Pollard throughout the  
trial was divulged when Mr. Carlisle  
called Dr. Belle Buchanan and that  
lady testified against her. Her stand-  
ard and took the oath. She stated  
that she first made Miss Pollard's ac-  
quaintance under the name of Louise  
Wilson in June, 1883, when Miss Pol-  
lard came from the Foundling asy-  
lum at Norwood in a carriage, her con-  
duct having been arrested by Dr. Mary  
Street, now Mrs. Logan. Miss Pollard  
had evidently given birth to a child.

"Are you married or single," asked  
Mr. Stoll, beginning the cross-exami-  
nation.

"I have been married," responded  
the witness, with emphasis on the  
verb.

"I married James S. Scherer in 1874,  
but afterward secured a divorce and  
resumed my maiden name."

The cross-examination of Dr.  
Buchanan was completed after his  
own recital of the facts, and he occa-  
sionally toward sarcasm in her re-  
plies to Mr. Stoll.

An affidavit by Mrs. Wesleyan Rob-  
ertson, wife of William P. Robertson  
of Cincinnati and daughter of Dr.  
Brown, the president of Wesleyan  
Seminary in 1883 and 1884, was read by  
Mr. Carlisle. The deponent had been  
a student at the seminary when Mad-  
eline Pollard was there, had been  
given by Miss Pollard a letter to be  
opened on the night of her graduation  
in June, 1885. She had last seen the  
letter when her husband, James H. B.  
Colonel Breckinridge without her con-  
sent. Here Mr. Stoll had said before  
the notary that he had the letter;  
wanted the court to protect him in  
the possession of it, and intended to  
offer it to the witness for identifica-  
tion.

"But you did not get it honestly,"  
the witness replied.

The letter was identified by her.  
In the correspondence the witness had  
once, in August, 1884, addressed Miss  
Pollard as "Madeline Lillian Breckin-  
ridge." "The Pollard," said Mr. Stoll.  
Miss Pollard had said that her  
father was a great admirer of Mr.  
Breckinridge's father, that she her-  
self admired W. C. P. Breckinridge  
greatly, as he was the "Star of Ken-  
tucky"—a statement, which even  
when read by Mr. Carlisle, was sec-  
onded by a laugh. In one letter  
Miss Pollard had spoken of her deep  
debt of gratitude to Mr. Rhodes, and  
wrote: "How can I ever marry the  
old wretch!" The witness had under-  
stood that Rhodes was Miss Pollard's  
guardian and wanted to marry her.

Miss Pollard had told her sister  
home on account of the death of her  
sister, and of meeting Colonel Breckin-  
ridge on the train.

"I remember very distinctly that  
she was very much elated that a man  
of this standing should come to her  
and address her," said the witness.  
"We heard a great deal of this in-  
cident. I thought Miss Pollard was  
pure minded a girl as I ever met, with  
considerably less experience of the  
ways of the world than the average  
young woman who came to the col-  
lege. My first impressions were that  
she had been taken advantage of, and  
I always retained them. She spoke  
of Mr. Breckinridge as a kind, fatherly  
old man." The time referred to in  
this testimony was in the holidays of  
1883 and 1884. The witness was then  
18 years old, and Miss Pollard was  
younger.

There was also a literary produc-  
tion, a prophecy entitled, "Destiny,"  
written by Miss Pollard in school,  
which Mr. Stoll read. While there  
was some literary merit in the pro-  
duction its relevancy to the case was  
not apparent, except as an evidence  
that Miss Pollard had been an excep-  
tionally bright school girl. It was  
particularly sentimental in its strain.  
After Miss Pollard's attorneys had ex-  
pressed a desire for copies of the let-  
ter and prophecy for purposes of their  
own the court adjourned.

### RECIPROCITY TRATIES.

Question as to Whether the Wilson Bill  
Notifies Them.

WASHINGTON, March 15.—The ques-  
tion as to whether the commercial  
agreements generally known as rec-  
iprocity treaties, made under the Mc-  
Kinley act between the United States  
and foreign countries, will be nullified  
by the Wilson bill, if it should become  
a law, is still attracting attention at  
the capital. Those interested in secur-  
ing a duty on sugar have become  
somewhat less apprehensive since  
Senator Vest has expressed the opin-  
ion that the effect of the bill would  
be to abrogate all these agreements,  
but they are still fearful that the  
phrase in the provision for the repeal  
of the reciprocity clause which states  
that the repeal questions shall not  
affect any act if done, or any right  
acquired, or accrued, before the said  
repeal, may operate to continue the  
agreements in operation, or to render  
it a question which will lead to main-  
taining and dispute. Senators  
Caffery and Blanchard both agree  
with the position taken by Senator  
Vest.

The United States has reciprocity  
agreements with the following coun-  
tries: Brazil, Spain for the colonies  
of Cuba and Porto Rico, Germany,  
San Domingo, Salvador, the British  
West Indian colonies, Nicaragua,  
Guatemala, Costa Rica, Honduras,  
France and her colonies, and Austro-  
Hungary.

### GIGANTIC LAW SUIT PROPOSED

It Will Be for \$40,000,000, and Will Be  
Against the Union Pacific.

WASHINGTON, March 15.—One of the  
most important propositions yet sub-  
mitted to congress was presented to  
the house to-day by Representative  
Boutner of Louisiana. The proposi-  
tion recites numerous defaults of the  
Union Pacific railroad and contiguous  
lines to meet the debt due the United  
States. It charges the road with  
neglecting its duties as a joint stock  
company, and with a violation of its  
trust, and improper absorption of outside  
lines, and the voting of  
dividends contrary to law and against  
the interests of the United States. It  
directs the formation of a joint res-  
olution, that the president shall appoint  
special counsel to institute suit against  
the present and past directors, their  
heirs and legal representatives, to  
collect \$35,000,000 and interest due  
the United States. With interest the  
amount of litigation is \$40,000,000.  
It will be the largest law  
suit ever instituted in this country, if  
not the largest in any country.

By the terms of the resolution the  
department of justice is relieved from  
further action in the Union Pacific  
cases, and the suit is to be prosecuted  
by special counsel. The resolution  
places \$100,000 at the disposal of the  
president for the employment of counsel.

### FLAG OF TRUCE RAISED.

The Municipal War at End Has Abated  
Temporarily.

KNOX, Ok., March 15.—The munic-  
pal war in End has abated to some  
extent, a partial compromise having  
been effected between Moore and  
Gregg. Gregg is to act as mayor until  
the spring election, when he will step  
down and out, as will also Moore,  
neither of the leaders having been  
nominated for local office. The com-  
promise was effected after consid-  
erable parleying between the leading  
citizens of the two factions who have  
business interests that are being sac-  
rificed on account of the warfare.  
Both sides are suspicious, however,  
and will not permit any advantage be-  
ing taken while the flag of truce is up.  
There is a temporary cessation of  
hostilities, but individual members  
of the two factions are on the alert.  
Nearly every citizen of the town is go-  
ing heavily armed, concealing their  
weapons as much as they can for ap-  
pearance's sake.

### Robbers Make a Mistake.

ST. PAUL, Ok., March 15.—Robbers  
entered the store of William Price  
of Okarche, in this county, last night  
and endeavored to hold up the inmates  
but made a mistake in their men for  
once and the robbers were captured.

### Suicide at Conway, Mo.

SPRINGFIELD, Mo., March 15.—Ole  
M. Gunderson, a Norwegian, 49 years  
old, committed suicide at Conway  
by taking morphine. Deceased was  
prominent in secret society circles in  
Southwest Missouri. The loss of a  
leg in an accident at the world's fair  
several years ago had led to the act.

### NEWS NOTES.

In Leadville, Col., the Democratic  
city convention nominated Mrs. Alex-  
ander Eldridge for city treasurer, and  
Mrs. Bridget McElusky for city clerk  
by acclamation. There is no woman  
on either the Populist or the Repub-  
lican ticket.

The Wilson steamship line ship  
Appollo has not been seen or heard of  
since she left New York for Antwerp,  
February 11. She is now fourteen  
days overdue. She was commanded  
by Captain Syles, and carried a crew  
of thirty-seven hands, all told.

A freight train on the Oregon Short  
Line was wrecked near Reverse, Ida-  
ho. The conductor and one brakeman  
were badly injured. Another brakeman  
is missing and is supposed to  
have been killed. It is reported that  
two trains were also killed.

The boiler in Vale's planing mill at  
Dresden, Ont., exploded, killing Adam  
Connell, the engineer, and his three  
children, who chanced to be with  
him at the time. The force of the  
explosion hurled the boiler 100 feet.  
Connell's wife is so overcome with  
grief that her life is despaired of.

The house committee on election of  
president and vice president has  
agreed to the joint resolution of Chair-  
man Tucker of Virginia, for an amend-  
ment to the constitution providing  
that United States senators shall  
hereafter be elected by a direct vote  
of the people instead of by state legis-  
latures.

## TOWN SWEEP AWAY.

Fifty Houses are Completely  
Ruined by a Flood

From a Bursted Reservoir in an  
Idaho Town.

### PEOPLE SHELTERLESS.

The Disaster is Caused by Melt-  
ing Snow.

BOISE, Idaho, March 15.—News was  
received in this city last evening  
that Indian creek reservoir had  
broken its rocky barriers, and was  
sweeping down upon ranches and vil-  
lages, carrying destruction and ruin  
in its path. This reservoir was con-  
structed of solid masonry at the  
head of Indian creek, and was heretofore  
thought to be a veritable Gibraltar.  
Hyde & Jackson, New York cap-  
italists, built the reservoir as a water  
supply for Orchard farm of 640 acres  
that recently was set out in Idaho  
prunes, and bonded for \$80,000. The  
reservoir covered 500 acres of land,  
and was said to contain water suffi-  
cient to irrigate many thousand acres.  
It cost \$50,000.

The country between Byska and  
Caldwell is all under water. Every  
railroad bridge between Nampa and  
Byska is washed out and many miles  
of railroad track submerged, which  
will prevent trains from running over  
the Union Pacific short line for many  
days. The dam broke about noon and  
messengers were sent at breakneck  
speed on horseback to warn settlers  
and urge families to hasten to places  
of safety. A mighty wall of water  
came sweeping down Indian creek  
bearing on its bosom houses, sheep,  
calves, hams, farming utensils and  
submerging whole farms. Citizens of  
Nampa, a little town on the Short  
line, saw the approach of the devastat-  
ing waters and fled to high ground.  
Some all the lower part of the town,  
including the business district, was  
under water from five to twenty feet  
deep. Fifty houses at least are  
ruined and many families are without  
shelter and bedding.

Merchants are loaning blankets to  
destitute families and provisions are  
being furnished to those in need. It  
is reported here that two men were  
drowned, one while attempting to  
save his property and another who  
rushed to his assistance. The cause  
of the disaster was warm weather,  
coupled with heavy rains, which  
caused rapid melting of snow in the  
mountains. Snake rose eight feet to-  
day, a fact unparalleled as far as the  
memory of the oldest inhabitant runs.

### THE SEIGNIORAGE BILL.

Motion to Reconsider and Reconnect  
Bill.

WASHINGTON, March 15.—The test  
vote which was taken yesterday on  
the seigniorage bill, the vote on Mr.  
Allison's motion to reconsider the vote  
by which the bill passed to the third  
reading, had the effect of attracting a  
large attendance to the gallery. The  
senate early took up the consideration  
of the bill and Mr. Teller of Colo-  
rado, and Mr. George of Mississippi,  
spoke in favor of its passage, the  
former criticising severely some  
statements made by Senator Sher-  
man in his recent speech against the  
bill. Before Mr. George had con-  
cluded his remarks the hour of 2  
o'clock arrived and Mr. Harris insisted  
upon the vote being taken on Mr.  
Allison's motion, with the result  
it was defeated by 28 to 45. It is ex-  
pected that the bill will pass by about  
the same vote at 2 o'clock to-day.

Mr. Manderson moved then to com-  
mit the bill to the finance committee,  
and this motion was also defeated, by  
a vote of 27 to 41.

The vote on Allison's motion to re-  
consider is as follows: Yeas—Aldrich,  
Allison, Bruce, Caffery, Carey, Chan-  
dler, Callum, Davis, Dolph, Frye, Gal-  
lenger, Hale, Hawley, Hoar, Lodge,  
McMillan, McPherson, Manchester,

### LATEST FROM RIO.

The Rebellion is Over. Business Re-  
sumed and Everything Quiet.

WASHINGTON, March 15.—The fol-  
lowing cablegram from United States  
Minister Thompson at Rio was re-  
ceived late yesterday afternoon:

"Rio, March 14.  
"Secretary State Washington.  
"The operation were directed by the president  
from the marine arsenal on the water  
front. At 11 o'clock yesterday afternoon  
Buck of Brazil were landed on Esplanade  
train. The president sent immediately and  
ascertained that the whole force of the insur-  
gents had been taken into custody. The  
officers who had taken refuge on the  
French, Portuguese and English  
ships of the harbor were released with  
the terms. Da Gama had left  
on the French cruiser Junco. About 5 o'clock  
the great hall burst into flames, and the  
theater, and surrounded in front of the  
city.

The rebel war vessels and Forts Villa-  
zar and Valera had been abandoned by  
the rebels. The city has been secured  
this morning and everything is tranquil."

### People's Progressive Party.

PITTSBURGH, Pa., March 15.—The con-  
ference of the new national party  
adjourned finally last evening after  
adopting the name of the People's  
Progressive party. There were twenty  
delegates present, mostly from Penn-  
sylvania. An executive committee  
of 100 was appointed to complete the  
organization. It was decided to secure  
admission to call for a national con-  
vention in 1900 to nominate presi-  
dential candidates.

### Running Work on Appropriations.

WASHINGTON, March 15.—Chairman  
Sayers of the appropriation committee  
is making wonderful progress with  
the sundry civil bill in the house.  
Yesterday forty pages of the bill were  
disposed of, making in all eighty-three  
in two days, and leaving only sixteen  
pages, exclusive of two paragraphs,  
those relating to the coast and geo-  
detic surveys and the Missouri river  
commission which were passed over  
temporarily. No amendments of im-  
portance were adopted, although the  
Northwestern members made a vigor-  
ous effort to increase the amount for  
the survey of public lands.

### A Long Horseback Ride.

DENVER, Col., March 15.—E. J.  
Johnson of Philadelphia, at present  
in Denver, will soon begin a trip of  
15,000 miles on horseback in the inter-  
est of a newspaper syndicate. His  
trip will take just four years. He  
will go through Mexico and then  
through the different states of South  
America, incidentally visiting the  
source of the Amazon river, Lake  
Nicaragua and several tribes of cen-  
tral Indians. Mr. Johnson is to be  
accompanied by Captain C. H. Hamil-  
ton of the British army, Dr. Mills-  
pugh and a mineralogist.

### Pittsburg Industries Resuming.

PITTSBURGH, Pa., March 15.—A care-  
ful investigation of the operation of  
mills in this city show about seventy-  
five per cent of the operatives work-  
ing and not many of the remaining twenty-  
five per cent are dependent upon  
public charity. Within the past ten  
days there has been frequent notices  
of resumption of work at various in-  
dustrial establishments in the Pitts-  
burgh district, and other indications  
that a general improvement has set in.

### Nuns Withdraw from Pittsburg Schools.

PITTSBURGH, Pa., March 15.—The nuns  
have withdrawn from the Riverside  
schools. This action was taken in  
view of the injunction proceedings  
entered by the junior order of Ameri-  
can Mechanics and the refusal of the  
Central board of education to pay  
their warrants. President Minnick of  
the Riverside school board said that  
the withdrawal of the nuns was final,  
and no further attempt would be made  
to introduce them into the schools as  
teachers.

### Profoundly Grateful

Symptoms of Cancer Re-

Cured

A Chicago Clergyman's Faith in  
Hood's Sarsaparilla.

"O. I. Hood & Co., Lowell, Mass.:  
"Dear Sirs: I am profoundly impressed with  
the medical virtues of Hood's Sarsaparilla. I  
was threatened with cancer, and dis-  
agreeable eruptions on my back and other  
places. The cancer was appearing on my lip.  
Providentially I obtained a bottle of Hood's  
Sarsaparilla, and by the time it was gone, the  
bad symptoms had nearly disappeared. I have  
used four bottles, and I believe it has  
Saved Me From Premature Death.  
I am now almost 73 years of age and I work  
like a tiger. And I know that Hood's Sar-  
saparilla has had much to do with my vigor and  
strength. I recommend it to my wife, who  
has suffered so much with rheumatic troubles.
